Naked ADSL2+ Application

OziISP Naked ADSL2+ Internet

Introducing High Speed ADSL2+ Internet without ongoing line rental costs. With Naked Internet, [or NDSL], you will receive a standalone internet connection without an active Dial Tone. NDSL is designed for customers who don't use or need their home phone, or for those using their Mobile Phone or VOIP service.

As with all OziISP Internet services, you'll have the freedom to change plans whenever you like, and relax knowing there are no excess charges.

Naked Plans Peak / Off Peak

Monthly Included Data	Plan Speed	Shaped Speed	Price inc GST
25 GB Shaped [5/20]	20 Mbps Down /800 Kbps Up	128 Kbps Down / 64 Kbps Up	\$64.95
50 GB Shaped [10/40]	20 Mbps Down /800 Kbps Up	128 Kbps Down / 64 Kbps Up	\$69.95

ADSL2+ Hardware

New users can purchase approved ADSL2+ Modem/Routers from OzISP, or may purchase equipment elsewhere. If users wish to buy their own Modem/Router, there is no guarantee that we will support that device, or that it will be compatible. Existing users may use their current Modem/Router, however they must ensure it is ADSL2/2+ capable to obtain higher Down/Up speeds. In the case where the Modem/Router is not ADSL2/2+ capable, it is advised that the user purchase a new Modem/Router.

NDSL Services do not require filters, end users should unplug all phones and filters and simply leave the modem plugged into the socket by itself.

ADSL2+ ULL Porting Authority

I hereby certify that as the lessee of the above services, or as an authorised representative (where applicable) that I have authority and request to port, acquire a new service, churn my telephone and/or broadband service or select a long distance provider. I acknowledge that the services will be carried over the networks of OziSP Ltd and Singapore Telecommunications Ltd (Optus).

I further certify and understand the following:

1. I will relinquish any contractual rights with my current service provider, including, but not limited to discount plans.
2. Some functions and facilities that are available through your current service provider may not be available from your new service provider.
3. When porting your service from your current telephone or broadband (DSL) provider to your new service provider this may result in finalisation of your account for those services and though you have the right to Port your service, you are aware that there may be early termination charges and porting fees.
4. Queries in relation to faults or service provision must be directed to your current service provider until the transfer is affected.
5. This Customer Authorisation is valid for 30 days from the date of signing, for a ULLS Port, however I understand that if needed I authorise the Authority to be automatically extended by a further 30 days. An authorisation for change of Long Distance Pre-Selection is valid for 30 days, however I understand that if needed I authorise the Authority to be automatically extended by a further 60 days. A Local Call Churn and Broadband Churn authority is valid for 30 days.
6. A Local Call Churn can take up to 40 business days to become effective.
